NOTE: Receipt of an Accelerated Death Benefit will reduce the amount payable at death and may result in taxable income or affect eligibility for certain government benefits. Check with your tax advisor or attorney before exercising this option.
<b>ELIGIBILITY</b>	All full-time active employees working 30 or more hours per week in an eligible class are eligible for coverage on the policy effective date. A delayed effective date will apply if the employee is not actively at work on the date that the insurance would otherwise take effect, or for a dependent who is confined to a health care facility or in a period of limited activity.

<b>PORTABILITY</b>	You may continue the coverage after your employment terminates, providing the coverage has been in force for at least 12 months and your employment is not terminating due to any sickness or injury or retirement. The premium rates will remain the same as for active employees of like age. A written application must be made within 31 days of your termination. An additional billing fee will be applied depending on the payment method you select.
<b>CONVERSION</b>	If you terminate your employment, or if you or your dependents become ineligible for this coverage for a reason other than nonpayment of premium or policy termination, then you will have the option to convert all or part of the terminated group Life Insurance to an individual life policy without Evidence of Insurability. Conversion election must be made within 31 days of your coverage termination.
<b>BENEFIT REDUCTIONS</b>	Life benefits for employees will terminate at age 80 or upon retirement, whichever occurs first. This is only a summary of coverage and is not a binding contract. A certificate of coverage will be made available to you that describe the benefits in greater details. Should there be a difference between this summary and the contract, the contract will govern.
